About us

It is a pleasure to introduce The Class Of One to you.

We are an online learning space creating future ready children in a world where geography is becoming history.

As an online-only school, we are determined to transform the traditional learning structures by committing ourselves to the needs of the children.

Global Online School

We aim to provide an education which not only supports academic excellence, but also provides encouragement, guidance, and creates a never ending love for learning.

Founded by industry experts with over 220 years of collective experience, The Class of One is a new age school for a world where boundaries are disappearing faster than ever, and where technology has changed the way we see everything.

With this view of a holistic online education, we are creating life-long learners and future leaders.
